Thank you for being a part of our wedding day. We thought the music was beautiful and heard many comments from our guests about how wonderful the harp sounded. Rachel & Jason

I wanted to be sure and write you and thank you again for making Rachel's wedding extra special. People commented to me about how much they appreciated the music and the tone that the harp music created. It was a pleasure to meet you. I am glad my friend had your card and was able to provide the reference. I will also be glad to mention your name to any couples that may ask me about music options for their services. – Cheryle

### *For a wedding consultation meeting:*

It was such a pleasure to meet you and experience your beautiful music. The "concert" was wonderful; hearing the music up close was such an experience. I'm really looking forward to your performing on our big day! Dondrill

### *For a music class at an Elementary School:*

I want to thank you so much for coming to ---- Elementary School and playing for my students. They really enjoyed hearing all the things you had to say about the harp and watching you play! The students are still talking about you. I really appreciate your taking time out to give these students an experience that they will always remember. - Angela

### *From grandparents of a student:*

We have enjoyed seeing you each week and appreciate what a great job you have done. Our granddaughter really enjoys playing the harp and we attribute much of that to the manner in which you teach young people. God has blessed you with a special talent.
